Proposed Use(s) & Written Description

Please list the proposed use or uses of the subject property, and provide the purpose of the Special Use Permit and a description of the project (please provide additional pages if needed).

We propose to open Brighter Beginnings Early Learning Center (BBELC) which will operate inside of our existing building, New Beginning Christian Church (NBCC) facility and is in keeping with our church mission to positively impact our community. In 2010, we designed the NBCC facility to the specifications to meet NC state regulations for a daycare center. We will use 4 classrooms, each approximately 460 sqft., which will host a maximum of 13 students, totaling 52 children; our fellowship hall, approximately 2500 sqft., with direct access to 2 restrooms, for an afterschool program that host a maximum of 50 students; total capacity 102 children. BBELC's mission is to prepare children for school readiness, serving ages 2 to 12 years old, Monday through Friday, 7:00am to 6:00pm. As a 501(c)3 religious organization, we have taken the required steps to qualify as licensed childcare facility under a Notice of Compliance (NCGS 110-106). We have been inspected and approved by the Fire Safety Inspector (6/10/2019); the Environmental Health & Sanitation Inspector (8/9/2019); and the NC Department of Health and Human Services, a Division of Child Development and Early Education (9/26/2019). NBCC's full-time staff have completed criminal background investigations and screened for tuberculosis as required. For safety, precautionary measures are in place. We have installed security cameras throughout the building including monitored and approved entry using a video doorbell.

Traffic Impact Worksheet

CRITERIA REQUIRED FOR APPROVAL OF A SPECIAL USE PERMIT

For each of the four required conclusions listed below, include or attach a statement that explains how any existing conditions, proposed development features, or other relevant facts would allow the Board of County Commissioners to reach the required conclusion, and attach any additional documents or materials that provide supporting factual evidence. The considerations listed under each required conclusion are simply those suggested to help the applicant understand what may be considered in determining whether a required conclusion can be met. You should address any additional considerations potentially raised by the proposed use or development.

1. The use will not materially endanger the public health or safety if located where proposed and approved.

Considerations:

The proposed approval of BBELC will not have any adverse impact on the surrounding community,

- Traffic conditions in the vicinity, including the effect of additional traffic on streets and street intersections, and sight lines at street intersections with curb cuts
- Provision of services and utilities, including sewer, water, electrical, garbage collections, fire protection
- Soil erosion and sedimentation
- Protection of public, community, or private water supplies, including possible adverse effects on surface waters or groundwater
- Anticipated air discharges, including possible adverse effects on air quality

	traffic and environment. The BBELC will be housed inside NBCC facility except when children will be
	allowed to play outside in a fenced, naturally landscaped playground that allows for the natural
	absorption of water. BBELC will operate 7:00am to 6:00pm, Monday through Friday, when normal
	church services are not conducted. Not only does this proposal not generate enough trips for a traffic
	study, but the afterschool program will use vans, and an unimproved road leading to pick up students,
	reducing even further any adverse impact on traffic in this community.
_	_
2.	The use meets all required conditions and specifications of the Zoning Ordinance.
	The Fig. 1. In the Control of the Co
	This Early Learning Center is an extension of New Beginning Christian Church. The building was

CRITERIA REQUIRED FOR APPROVAL OF A SPECIAL USE PERMIT

(continued)

3. The use will not substantially injure the value of adjoining or abutting property, or that the use is a public necessity.

Considerations:

- The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved (i.e. buffers, hours of operation, etc)
- Whether the proposed development is so necessary to the public health, safety, and general welfare of the community or County as a whole as to justify it regardless of its impact on the value of adjoining property

We believe that BBELC will be a welcomed addition to our fast growing community as it offers convenient, safe services to families in this and surrounding neighborhoods. With three elementary schools nearby, there are limited afterschool programs available. We add value to the community by transporting students from school to our safe, structured and educationally enriching environment. Our newly constructed state-of-the-art facility is contiguously located next to Rachel's Place, a new subdivision of 154 custom built homes. We are opening BBELC at a very opportune time to provide additional amenities that add to the growth of our comnunity. 90% of BBELC's activities will be on the inside of NBCC facility where the BBELC is housed. Most of BBELC's positive contributions to the community will be felt but not physically seen, he current facility does not require any modifications in sewage, water run-off, emissions, traffic, etc. to accommodate the approval of this special use permit.

4. The location and character of the use if developed according to the plan as submitted and approved will be in harmony with the area in which it is to be located and in general conformity with the New Hanover County Comprehensive Land Use Plan.

Considerations:

- The relationship of the proposed use and the character of development to surrounding uses and development, including possible conflicts between them and how these conflicts will be resolved (i.e. buffers, hours of operation, etc)
- Consistency with the Comprehensive Plan's goals, objectives for the various planning areas, its definitions
 of the various land use classifications and activity centers, and its locational standards

BBELC is 100% in sink with the New Hanover County's Comprehensive Land Use Plan! NBCC's state-of-the art facility and BBELC's focus on providing a 5-Star early learning culture for children and families looks more like the future being built adjacent to us in the custom build homes of Rachel's Place and the new subdivisions of Blue Clay Road and Castle Hayne Road that is within one mile of our location.

BBELC and NBCC adds to the growth character of this community. BBELC an excellent facility, at the right time, offering teh right services to help provide another beneficial component to the community and no addition construction, zoning or traffic patterns are necessary for this endeavor.

APPLICATION REQUIREMENTS

Staff will use the following checklist to determine the completeness of your application. Please verify all of the listed items are included and confirm by initialing under "Applicant Initial". If an item is not applicable, mark as "N/A". Staff will confirm if an application is complete within five business days of submittal. Applications must be complete in order to process for further review.

Re	quired Information	Applicant Initial or N/A	Staff Initial or N/A
1	Complete Special Use Permit application.	aes	RS
2	Application fee – (\$500; \$250 if application pertains to a residential use (i.e. mobile home, duplex, family child care home).	(m)	B5
3	Traffic Impact Analysis (for uses that generate more than 100 peak hour trips).	N/A	NA
4	 Site Plan including the following elements: Tract boundaries and total area, location of adjoining parcels and roads. Proposed use of land, structures and other improvements. For residential uses, this shall include number, height and type of units and area to be occupied by each structure and/or subdivided boundaries. For non-residential structures, this shall include approximate square footage and height of each structure, an outline of the area it will occupy and the specific purpose for which it will be used. Development schedule including proposed phasing. Traffic and Parking Plan to include a statement of impact concerning local traffic near the tract, proposed right-of-way dedication, plans for access to and from the tract, location, width and right-of-way for internal streets and location, arrangement and access provision for parking areas. All existing and proposed easements, reservations, required setbacks, rights-of-way, buffering and signage. The one hundred (100) year floodplain line, if applicable. Location and sizing of trees required to be protected under Section 62 of the Zoning Ordinance. The approximate location of US Army Corps of Engineers Clean Water Act Section 404 and Rivers and Harbors Act Section 10 Wetlands, and wetlands under jurisdiction of the NC Department of Environmental Quality. Any additional conditions and requirements, which represent greater restrictions on development and use of the tract than the corresponding General Use District regulations 	NA	
5	or other limitations on land which may be regulated by Federal or State law or Local Ordinance. • Any other information that will facilitate review of the proposed change (Ref. Article VII, as applicable). 1 hard copy of ALL documents AND 8 hard copies of the site plan. Additional hard		.R5

ACKNOWLEDGEMENT AND SIGNATURES

By my signature below, I understand and accept all of the conditions, limitations and obligations of the Special Use Permit for which I am applying. I understand that the existing official zoning map is presumed to be correct. I understand that I have the burden of proving that the proposal meets the four required conclusions. I certify that this application is complete and that all information presented in this application is accurate to the best of my knowledge, information, and belief.

Authority for Appointment of Agent Form

If applicable, I also appoint the applicant/agent as listed on this application to represent me and make decisions on my behalf regarding this application during the review process. The applicant/agent is hereby authorized on my behalf to:

- 1. Submit an application including all required supplemental information and materials;
- 2. Appear at public hearings to give representation and commitments; and
- 3. Act on my behalf without limitations with regard to any and all things directly or indirectly connected with or arising out of this application.

NOTE: Form must be signed by the owner(s) of record. If there are multiple property owners a signature is required for each owner of record.

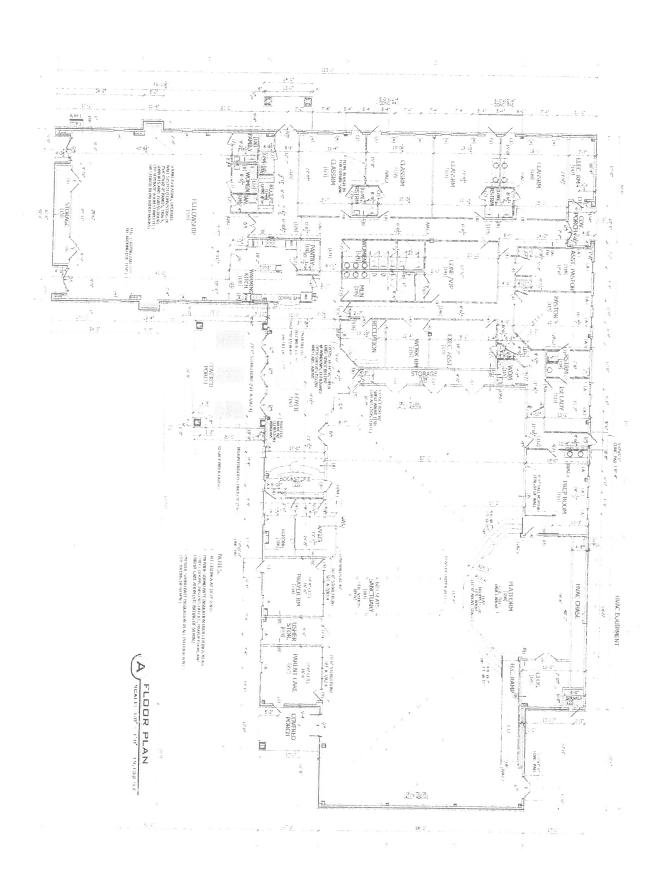

*The land owner or their attorney must be present for the application at the public hearings.

If an applicant requests delay of consideration from the Planning Board or Board of County Commissioners before notice has been sent to the newspaper (approximately 2-3 weeks before the hearing), the item will be calendared for the next meeting and no fee will be required. If delay is requested after notice has been sent to the newspaper, the Board will act on the request at the scheduled meeting and are under no obligation to grant the continuance. If the continuance is granted, a fee in accordance with the adopted fee schedule as published on the New Hanover County Planning website will be required.

RE: Letter of Intent

ID# 65001023

CENTER NAME:

Brighter Beginnings Early Learning Center

PROJECTED CAPACITY:

102

PROJECTED AGE RANGE:

2 years - 12 years

OPENING DATE:

September 30, 2019

Dear Pastor Robert Campbell:

Your revise Letter of Intent has been received in this office as of **September 17**, **2019**. A copy has been forwarded to the local Licensing Supervisor serving your area. Based on the date in your letter and receipt of required information, your child care center may open on **September 30**, **2019** or anytime thereafter, provided DCDEE has received verification of completion of the pre-licensing workshop. Should you change your opening date, please notify your local Licensing Supervisor immediately.

Any religious-sponsored child care facility that is regulated by this agency must meet all health and safety standards as set forth in the child care rules, however, North Carolina General Statute 110-106 allows your facility to be exempt from meeting the standards in the following areas of the *Child Care Requirements*.

Rules: .0703(c) through (f), .0704, .0710, .0711, 0714(a) through (d)	Staff Qualifications and Training Requirements
Rules: .1101, .1102 (a), (b), (e), and (g), and .1103 through .1106	***For programs accepting subsidy, the exemption of not having to meet the requirements in .1101 through .1103 would not be applicable.
Rule: .2510	Staff
	Qualifications if Working with School Aged Children Only
Rule: .1803(a)	Corporal Discipline (only if notice and policy submitted to the Division for review prior to implementing as outlined in .2102)
Rules0508, through .0510 and .2508	Age Appropriate Activities

IMPORTANT: Although you have been allowed to open your center as of the above date, North Carolina Child Care Rule 10A NCAC 09 .2101(d) requires that an operator **must** submit a Facility Profile Application, approved building, fire and sanitation inspections, and a floor plan, to the Licensing Supervisor **no later than thirty (30) days** after beginning operation. The Licensing Supervisor for your facility is:

Lynette Robbins PMB 361 3600 S. College Rd. Ste. E

Wilmington, NC 28412 Phone: 910-824-0235

Lynette.Robbins@dhhs.nc.gov

It is your responsibility to contact the appropriate agencies to complete the building, fire and sanitation inspections. Please be aware that in some areas of the state it may take time to complete the process to receive approved inspections. General Statute 110-106 requires that approved inspections be submitted to the Division within 30 days after you begin operation, so you may need to adjust your planned opening date based

NC DEPARTMENT OF HEALTH AND HUMAN SERVICES • DIVISION OF CHILD DEVELOPMENT AND EARLY EDUCATION

upon your timeframe to obtain approved inspections. Failure to submit the forms within 30 days may result in the issuance of a Notice to Cease Operation, as well as prevent or delay the receipt of any payments from the Department of Social Services.

Once the above forms and inspections have been completed, you should mail them to your local Licensing Supervisor. After receiving all required items, the Lead Child Care Consultant will contact you to schedule a visit to your center. At that time the Lead Child Care Consultant will monitor your center for compliance with all applicable requirements.

INFORMATION NEEDED:

CRIMINAL BACKGROUND CHECK:

Each prospective child care operator and provider must complete the criminal background check and have a valid CBC Qualification letter prior to:

- Being hired by a child care facility
- Receiving a license to own or operate a child care facility
- Caring for children in a non-licensed home and receiving subsidy payments
- Becoming a household member (which includes any household member, over 15 years of age) in a Family Child Care Home (FCCH), Center located in a residence, or a non-licensed home receiving subsidy payments
- Moving into a FCCH, Center located in a residence, or a non-licensed home receiving subsidy payments.

Visit the Division's website at: https://ncchildcare.ncdhhs.gov/Home/DCDEE-Sections/Criminal-Background-Check-Unit/Basic-Information to complete the criminal background check process. Criminal background checks for your employees must be completed prior to employment. Please review the instructions carefully.

PRELICENSING WORKSHOP:

North Carolina Child Care Rule 10A NCAC 09 .0301 (a) requires the operator of a child care center to complete a two-day pre-licensing workshop. Operator is defined as the person held legally responsible for the business. The Division of Child Development and Early Education also recommends that all administrators for the child care facility attend the two-day pre-licensing workshop. Please be reminded, the pre-licensing workshop must be completed **prior** to your opening date. The upcoming workshop schedules is available on the DCDEE website at. https://ncchildcare.ncdhhs.gov/Portals/0/documents/pdf/P/prelicworkshop. If you or someone from your center has not attended a session, please register for one as soon as possible. These workshops are held quarterly throughout the state. If you are unable to complete this workshop prior to your opening date, please notify your local Licensing Supervisor immediately.

- FORMS: All forms can be located on the DCDEE website: https://ncchildcare.ncdhhs.gov/Provider/Provider-Documents-and-Forms
- 1. Sample floor plan (Included)
- 2. Facility Profile Application
- 3. Building and Fire Inspection forms
- 4. Blank Floor Plan
- 5. Pre-licensing workshop schedule

If you have any questions pertaining to the appropriate requirements and procedures related to a religious sponsored child care facility, please-contact your local Licensing Supervisor or contact the Division at 919-814-6300 or 1-800-859-0829 (in State only), by fax at 919-715-1339, or email the DCDEE Webmaster at webmasterded@dhhs.nc.gov.

Sincerely,

Tamara Barnes, Assistant Director Regulatory Services Section

Violations/Comments/Observations:				

The purpose of today's visit was to monitor compliance for applicable requirements for a potential new Religious sponsored facility. The facility is owned, and will be operated by New Beginning Christian Church, Inc. An initial walk through of the facility was completed June 25, 2018. During the June 23, 2018 all spaces were measured. An Assistant Pastor completed the two-day pre-licensing workshop in January 2018. An approved fire Inspection was completed June 10, 2019; the facility was approved for day time care only. An approved Sanitation Inspection was completed August 8, 2019; the facility received a Superior rating with 6 demerits. Environmental Health approved the facility for a capacity of 102 children. An approved building inspection has not yet been completed. A Building Inspection form was printed and provided for you during today's visit.

You are resubmitting your Letter of Intent to Raleigh this week and are ready to open.

The facility is planning to use four classroom spaces and the fellowship hall. At this time the facility is planning to provide care for children ages 30 months and older. You have fenced your outdoor area since my last visit. Today we measured your outdoor space. The fenced in outdoor space has a capacity of 34 children at 100 square feet per child.

All spaces have direct exits to the outside. Each space has direct access to a bathroom. Based on 30 square feet per child, the facility may have a total capacity of 121. The final capacity will be determined once all approved inspections have been received. As Environmental Health has limited you to a capacity of 102 children, your capacity may not exceed 102 children.

Today you were provided with appendix F. I have received your application, legal designee, appendix I, approved fire inspection, approved sanitation inspection, floor plan, facility personnel and operational policies, pre-service for administrators, and qualifying criminal record letter for your board member overseeing the child care program.

If the operator fails to correct any documented violations within the established time period, the Division of Child Development and Early Education may deny, suspend, terminate or revoke and permit to operate (10A NCAC 09 .2000.).

All information in this report has been reviewed with me today. I understand that it is my responsibility to maintain compliance with applicable NC Child Care Requirements at all times.

VISIT SUMMARY

Once you have received your approved Letter of Intent from our Raleigh office, you may begin operating on the date stated in your letter. You must have an approved building inspection within 30 calendars of operating. A visit will be made during your first 30 days to assess compliance with applicable child care requirements. Please call, or email me if you have any questions.

Jennifer Dempsey

	Comment Sheet Attached		Signed: ————————————————————————————————————	

Environmental Health Specialist Purpose: This form is used to implement G.S. 110-93 requiring child care centers to submit evidence of meeting sanitation standards in G.S. 110-91. Preparation: An original and two copies of this form shall be completed by local Environmental Health Specialists during each inspection. The original is sent to the Division of Child Development, N.C. Department of Health and Human Services, one copy is given to the child care operator; and the other copy is kept by the local health department. Classification: Superior – 0-15 demerits, no 6-point demerit; Approved – 16-30 demerits, no 6-point demerit; Provisional – 31-45 demerits, or any 6-point demerit; Disapproved – 46 or more demerits, or failure to improve Provisional classification. Disposition: This form may be destroyed in accordance with Standard-8.B.6., Inspection Records, of the Records Retention and Disposition Schedule for County/District Health Departments which is published by the N.C. Division of Archives and History. Additional forms may be ordered from: Environmental Health Section, 1632 Mail Service Center, Raleigh, NC 27699-1632 (Courier 52-01-00).
