
Article 2: Measurements and Definitions

Section 2.1. Measurements

BUILDABLE AREA

The portion of a lot remaining after required setbacks and yards are provided.

BUILDING HEIGHT

The vertical distance measured from the average elevation of the proposed finished grade at the front of the structure to the mean level of the slope of the main roof.

DIAMETER AT BREAST HEIGHT (DBH)

The diameter or width of the main stem of a tree as measured 4.5 feet above the natural grade at its base. Whenever a branch, limb, defect, or abnormal swelling of the trunk occurs at this height, the diameter at breast height (DBH) shall be measured at the nearest point above or below 4.5 feet at which a normal diameter occurs.

DENSITY FACTOR

An intensity measure expressed as the number of units per "net buildable site acre" (as calculated pursuant to 3.1.3.E.1, Site Capacity. The density factor establishes the permitted density on the buildable portion of a site with an Additional Dwelling Allowance.

FLOOR AREA RATIO (FAR)

The total floor area of all structures located on lot divided by the gross lot area.

$$\text{FAR} = \frac{\text{TOTAL FLOOR AREA OF ALL STRUCTURES ON A LOT}}{\text{GROSS LOT AREA}}$$

In the B-2 district, parking deck area calculations shall be excluded from the total building area calculations when computing the FAR.

SETBACK

The minimum distance a building or structure must be separated from the lot lines. Setbacks are specified as front, side, and rear; are located within the corresponding front, side, and rear yards; and establish the minimum required front, side, and rear yards.

Setbacks shall be measured from the structure. If a roof overhang extends more than two feet from the structure, the setback shall be measured from the drip line of the roof.

Setbacks shall not be occupied or obstructed by a structure or portion of a structure, unless otherwise allowed by another provision of this Ordinance.

Fences, walls, poles, posts, and other customary yard accessories, ornaments, and furniture may be permitted in any setback subject to height limitations and requirements limiting obstruction of visibility.

Private driveways or easements serving three or fewer lots in accordance with Section 5.2.2.B.3 may also be permitted in any setback.

Minimum setback distances for overhead canopies shall be determined by measuring a straight line distance from the nearest point of the required reference boundary (i.e., street right-of-way, zoning district line, or property line) to the point on the ground surface which is perpendicular to the closest edge of the canopy overhang. Setback distances from street rights-of-way may be reduced by one half.

SETBACK, FRONT

The depth of a front setback shall be measured at right angles to a straight line joining the foremost points of the side lot lines, and in such a manner that the front yard established shall provide minimum depth parallel to the front lot line.

SETBACK, SIDE

The width of a side setback shall be measured in such a manner that the side yard established is a strip of the minimum width required by the district regulations with its inner edge parallel with the side lot line.

SETBACK, REAR

The depth of a rear setback shall be measured in such a manner that the rear yard established is a strip of the minimum width required by district regulations with its inner edge parallel with the rear lot line.

SETBACK LINE

The line on the front, rear, and sides of a lot, which delineates the area upon which a structure may be built and maintained.

SIGN, HEIGHT

As applied to a sign, height shall be measured as the vertical distance between the highest part of the sign or its supporting structure, whichever is higher, and a level plane going through the nearest point of the improved public right-of-way at the ground-level curb line.

SIGN, SURFACE AREA OF

The surface area of a sign, which is computed as including the entire area within a regular geometric form or combinations of regular geometric forms comprising all of the display area of the sign and including all of the elements of the matter displayed. Frames and structural members not bearing advertising matter shall not be included in computation of surface area.

YARD

An open space on the same lot with a structure, lying between the structure and nearest lot line, that is unoccupied and unobstructed by the structure or any portion of the structure.

YARD, FRONT

A yard extending between side lot lines across the front of a lot adjoining a public or private street. Through lots shall be considered to have two front yards.

YARD, SIDE

A yard extending from the front setback line to the rear lot line.

YARD, REAR

A yard extending across the rear of the lot between inner side setback lines. In the case of through lots and corner lots, there shall be no rear yards, but only front and side yards.

Section 2.2. Rules of Construction

The rules in this section shall apply for construing or interpreting the terms and provisions of this Ordinance.

2.2.1. MEANINGS AND INTENT

All provisions, terms, phrases, and expressions contained in this Ordinance shall be interpreted in accordance with the general purposes set forth in Section 1.3, General Purpose and Intent, and the specific purpose statements set forth

throughout the UDO. When a specific section of the UDO gives a different meaning than the general definition provided in this article, the specific section's meaning and application of the term shall control.

2.2.2. HEADINGS, ILLUSTRATIONS, AND TEXT

In the event of a conflict or inconsistency between the text of this UDO and any heading, caption, figure, illustration, table, or map, the text shall control. Graphics and other illustrations are provided for informational purposes only and should not be relied upon as a complete and accurate description of all applicable regulations or requirements.

2.2.3. LISTS AND EXAMPLES

Unless otherwise specifically indicated, lists of items or examples that use terms like "for example," "including," and "such as," or similar language are intended to provide examples and are not exhaustive lists of all possibilities.

2.2.4. COMPUTATION OF TIME

- A.** In computing any period of time prescribed or allowed, the day of the act, event or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included, unless it is a Saturday, Sunday or legal holiday, in which event the period shall run until the end of the next day which is not a Saturday, Sunday, or legal holiday. When the period of time prescribed or allowed is less than seven days, intermediate Saturdays, Sundays and legal holidays shall be excluded in the computation.
- B.** The term "day" means a business day, unless a calendar day is indicated.
- C.** The term "month" means a calendar month.
- D.** The term "year" means a calendar year unless otherwise indicated.
- E.** Whenever a person has the right or is required to do some act within a prescribed period of time following the service of a notice or other document through mailed delivery:
 - 1.** Three days shall be added to the prescribed period; and
 - 2.** The time period shall be counted starting from and including the post-marked date.

2.2.5. REFERENCES TO OTHER REGULATIONS/PUBLICATIONS

Whenever reference is made to a resolution, ordinance, statute, regulation, or document, it shall mean a reference to the most recent edition of such regulation, resolution, ordinance, statute, regulation, or document, unless otherwise specifically stated.

2.2.6. DELEGATION OF AUTHORITY

- A.** Any act authorized by this UDO to be carried out by the Planning Director may be delegated by the Planning Director to a County employee under the Planning Director's authority or control.

- B. Any act authorized by this UDO to be carried out by the County Engineer may be delegated by the County Engineer to a County employee under the County Engineer's authority or control.

2.2.7. PUBLIC OFFICIALS AND AGENCIES

All public officials, bodies, and agencies to which references are made are those of the New Hanover County, North Carolina, unless otherwise indicated.

2.2.8. MANDATORY AND DISCRETIONARY TERMS

The words "shall," "must," "should" and "will" are mandatory, establishing an obligation or duty to comply with the particular provision. The word "may" is permissive.

2.2.9. CONJUNCTIONS

Unless the context clearly suggests the contrary, conjunctions shall be interpreted as follows:

- A. "And" indicates that all connected items, conditions, provisions or events apply; and
- B. "Or" indicates that one or more of the connected items, conditions, provisions,

2.2.10. TENSES AND PLURALS

Words used in the present tense include the future tense. Words used in the singular number include the plural number and the plural number includes the singular number, unless the context of the particular usage clearly indicates otherwise. Words used in the masculine gender include the feminine gender, and vice versa.

2.2.11. TERM NOT DEFINED

If a term used in this UDO is not defined in this UDO, the Planning Director is authorized to interpret its meaning in accordance with Section 10.3.15, Interpretation. Such interpreted meaning shall be based upon the definitions used in accepted sources—including, but not limited to, *A Planners Dictionary*, *A Glossary of Zoning, Development, and Planning Terms*, and *A Survey of Zoning Definitions* (all published by the American Planning Association), as well as general dictionaries such as Merriam-Webster, American Heritage, Webster's New World, and New Oxford American dictionaries.

2.2.12. USE AND OCCUPATION

The words "used" or "occupied" include the words intended, designed, or arranged to be used or occupied.

Section 2.3. Definitions and Terms

ACCESSORY DWELLING UNIT

An ancillary or secondary dwelling unit that is clearly subordinate to the principal dwelling, which has a separate egress/ingress independent from the principal dwelling, and which provides complete independent living facilities for one or more persons and which includes provisions for living, sleeping, eating, cooking, and sanitation. It is located on the same parcel as the principal dwelling unit and may be either attached to or detached from the principal dwelling.

ACCESSORY STRUCTURE

A structure subordinate to a principal structure and use, the use of which is customarily found in association with and is clearly incidental to the use of the principal structure of the land and which is not attached by any part of a common wall or roof to the principal structure. (When a specific structure is identified in this Ordinance as accessory to another use or structure, the structure need not be customarily incidental to, or ordinarily found in association with, the principal use to qualify as an accessory structure.) This definition does not apply to the provisions of Article 9: Flood Damage Prevention; for that meaning, see Section 9.5: Definitions.

ACCESSORY USE, CUSTOMARY

A use of a structure or land that is subordinate and customarily incidental to, and ordinarily found in association with, a principal use, which it serves; is subordinate in purpose, area, floor area, intensity, and extent to the principal use, and; does not change the character of the principal use.

ADDITIONAL DWELLING ALLOWANCE

A permit to exceed the residential density limit established in an applicable zoning district in accordance with an additional density factor established by this ordinance.

ADDITIONAL HEIGHT ALLOWANCE

A permit to exceed the maximum height for a particular zoning district by a specified number of feet and/or stories.

ADULT DAY CARE

An establishment licensed pursuant to NCGS §131D and engaged in the provision of group care and supervision of more than 5 adults in a place other than their permanent residence.

ADULT ENTERTAINMENT ESTABLISHMENT

Establishments engaged in repairing and maintaining consumer electronics, computer and office machines, household appliances, home and garden equipment, furniture, and related equipment.

RESEARCH AND DEVELOPMENT FACILITY

An establishment that engages in research, or research and development, of innovative ideas in medical, biological, technology-intensive, or similar fields. This use may include laboratories and facilities for the construction of prototypes.

RESIDENTIAL PRIVATE PIER

A dock, pier, launching ramp, and/or supportive boating activity extending from a residential lot into water adjacent thereto; the use of which is limited to members of the family of the lot owner or his tenant and/or their invited guests.

RESTAURANT

Establishments where food and beverages are prepared and sold on a retail basis for consumption on or off premises as its principal business.

RETAIL NURSERY

A facility or area for the displaying and sale of plant stock, seeds, or other horticultural items. The growing of plant stock is not included in this definition.

RETAIL SALES, BUILDING AND CONSTRUCTION SUPPLIES

Commercial enterprises providing building and construction supplies for sale directly to the consumer. This use may include outdoor storage areas and ancillary leasing or renting of equipment.

RETAIL SALES, GENERAL

Commercial enterprises that provide goods and/or services for sale, lease, or rental directly to the consumer. Examples include stores selling, leasing, or renting consumer, home, and business goods such as art, clothing, dry goods, electronic equipment, furniture, garden supplies, hardware, jewelry, pet food, and printed material.

REVOLVING SIGN

See "Sign, Revolving".

RIVER'S EDGE

The Normal High Water (NHW) level, as established by a field representative from the Division of Coastal Management or by the New Hanover County Local Permit Officer when an application for a CAMA permit has been submitted, measured from the water's edge to the proposed building elevation closest to and facing the river.

ROADS/STREETS

For the purposes of Article 6: Subdivision Design and Improvements, a right-of-way with infrastructure for vehicular movement which is designed, dedicated, and constructed for public or private use to a standard commensurate with its function. The functional classifications of roads/streets are as follows:

STREET, ARTERIAL

Arterial road systems provide a higher speed, high volume network for travel between two points of interest. The design covers a broader range of roadways, from two lane to multi-lane, and is oriented more toward efficient mobility rather than property access. Example: Market Street, College Road.

STREET, COLLECTOR

Collectors serve a dual purpose, collecting traffic for movement between arterial and local streets and providing limited access to abutting properties. These streets not only serve traffic movements between arterials and local streets, but through traffic within local areas. Collector streets shall intersect with existing or planned collector or arterial streets.

STREET, CUL-DE-SAC

A street open at one end that is planned, constructed, and operated for the sole purpose of property access. Cul-de-sacs shall include a turnaround at the closed end of the street to permit reverse direction. In the interest of public service delivery response, the total length of a cul-de-sac shall be minimized. Example: Amelia Court.

STREET, ALLEY

Alleys provide side or rear access to individual parcels that front on a higher order street. They are characterized by narrow right-of-way and travelway widths to accommodate passenger vehicles and residential services at slow speeds. Alleys generally connect at both ends to local or collector streets. In some instances, dead end alleys are permissible with a vehicle turnaround at the terminus of the travelway. No permanent parking is allowed. Alley example: Loring Alley.

STREET, LOCAL

Local streets provide access to parcels and may be planned, constructed, and operated for the function of property access and limited through traffic. Traffic volumes are largely short trips or a relatively small part of longer trips where local streets connect with major streets or highways of higher classifications. Street example: Mallow Road.

STREET STUBS

A dedicated right-of-way that abuts undeveloped property for the purpose of allowing future access, connectivity, or to logically extend the street system into the surrounding area. All street stubs designated as public or private shall be paved to the property line in order to be counted toward the road connectivity requirements. Temporary access bulbs to facilitate adequate turnaround consisting of an all-weathered surface may be required. Wings of bulb shall be removed when adjoining land is developed. No gates or obstructions will be permitted. However, adequate signage installed by the developer to warn motorists of dead end shall be required.

ROOF SIGN (INTEGRAL)

See "Sign, Roof (integral)".

RUNWAY

A defined area on an airport prepared for landing and take-off of aircraft along its length.

SEASONAL SALES

The sale of merchandise outdoors for a definite time period and not associated with a principal retail use. Seasonal sales can include the sale of such items as Christmas trees, pumpkins, and similar seasonal or holiday-related products.

SENIOR LIVING: ASSISTED LIVING FACILITY

Any group housing and services program for two or more unrelated adults that makes available, at a minimum, one meal a day and housekeeping services and provides personal care services directly or through a formal written agreement with one or more licensed home care or hospice agencies, in accordance with NCGS §131D-2.1.

SENIOR LIVING: CONTINUING CARE RETIREMENT COMMUNITY

A residential community that accommodates changing lifestyle preferences and health care needs and offers several levels of assistance, including all of the following: independent living, assisted living, and nursing home care. It provides a written agreement or long-term contract between the resident and the provider community that offers assurance of a continuum of housing, services, and health care, most commonly all on one campus, and frequently last for the resident's lifetime.

SENIOR LIVING: INDEPENDENT LIVING RETIREMENT COMMUNITY

A housing development that may contain a variety of housing types designed for and restricted to occupancy by households having at least one member who is 55 years of age or older, living independently. Facilities and services typically include features such as: security; lawn and building maintenance; wellness, fitness, or spa services and facilities; central meeting areas; programmed recreation or social facilities and activities; communal garden spots; AARP Universal design or other similar characteristics. Minimal supportive services may also be offered to residents in senior apartment facilities.

SEPTAGE, SLUDGE DISPOSAL

A site for the disposal of septage and/or sludge.

SHOPPING CENTER

Two or more commercial establishments planned and constructed as a single unit with off-street parking and loading facilities provided on the property and related in location, size, and type of shops to the trade area which the unit serves.

SIGHT DISTANCE

Area at intersecting street that establishes a clear line of sight for a waiting vehicle to see oncoming traffic and make turning movements into or out of street or driveway safely or for traffic to see entering or waiting vehicles.

SIGN

Any device designed to inform or attract the attention of persons not on the premises on which the sign is located.

SIGN, ANIMATED

Any sign which uses movement or change of lighting to depict action or to create a special effect or scene (compare "flashing sign").

SIGN, BANNER

A suspended sign made of a flexible material such as canvas, sailcloth, plastic, or waterproof paper.

SIGN, DIRECTIONAL (ON-PREMISES)

A sign or guide to direct pedestrian or vehicular traffic on the premises on which it is displayed. Examples include "in," "out," "entrance," and "exit."

SIGN, FLAG

Refers to devices generally made of flexible materials such as cloth, paper or plastic, and displayed on a flagpole.

SIGN, FLASHING

An illuminated sign of direct or indirect lighting on which the artificial light flashes on and off in regular or irregular sequences.

SIGN, FLOATING

Any sign painted on or attached to any boat or structure which floats or is designed to float, whether such boat or structure is self-propelled or not.

SIGN, INCIDENTAL

A single face or double face non-illuminated professional or announcement sign attached wholly to a building, window, or door containing information relative to emergencies, store hours, credit cards honored, and other similar accessory information.

SIGN, INTEGRAL

Names of buildings, dates of erection, monumental citations, tablets, and the like when carved into stone, concrete or similar material or made of bronze, aluminum, or other permanent type construction and made an integral part of the building.

SIGN, MULTI-UNIT

A freestanding sign which contains three or more identification signs for multi-occupancy premises, such as a shopping center.

SIGN, OUTDOOR ADVERTISING

Any sign either free standing or attached to a structure which directs attention to a business, commodity, service, entertainment, or other activity, conducted, sold, or offered elsewhere than on the premises on which said sign is located.

SIGN, PENNANT

A tapered or dovetailed banner or flag.

SIGN, PORTABLE OR MOVEABLE

A sign that is not permanently attached to the ground, a structure, or a building, and that can easily be moved from one location to another and used for a temporary purpose.

SIGN, PRINCIPAL

A sign which directs attention to a business, commodity, service, entertainment, or other activity, conducted, sold, or offered exclusively on the premises upon which the sign is located.

SIGN, PROJECTING

A sign end-mounted or otherwise attached to an exterior wall of a building or structure, and which projects out from the wall.

SIGN, REVOLVING

A sign which revolves 360 degrees.

SIGN, ROOF (INTEGRAL)

Any sign erected or constructed as an integral part of a normal roof structure of any design, such that no part of the sign extends vertically above the highest portion of the roof and such that no part of the sign is separated from the rest of the roof by a space of more than six inches. Chimneys or other similar features are not an integral part of a normal roof structure. An integral roof sign shall be considered to be a wall sign and shall be subject to the regulations pertaining to wall signage.

SIGN, SPECIAL PURPOSE

A temporary sign to announce sales, new products, openings, or closeouts, and other special events.

SIGN, TEMPORARY

Sign permitted for a period not exceeding 12 months, including for sale, for rent, construction company's name, subcontractor's names, architect's, and planner's names.

SIGN, TIME AND/OR TEMPERATURE

A sign containing numerals which may be alternately displayed to show the time and/or temperature. A time and/or temperature sign shall not be considered a flashing or animated sign; time and temperature signs shall not change or alternate messages more frequently than once every three seconds.

SIGN, WALL

A sign which is attached flat to a wall or facade facing of a building and which projects not more than eighteen inches from the wall.

SIGN, WINDOW

Anything constructed or erected within a fixed location on the ground, or attached to something having a fixed location on the ground. The terms building and/or structure shall be construed to include porches, decks, carports, garages, sheds, roof extensions, overhangs extending more than two inches, and any other projections directly attached to the structure and/or building. For purposes of Section 5.10, Airport Height Restriction, a structure is any object, including a mobile object, constructed or installed by man, including, but without limitation, buildings, towers, cranes, smokestacks, earth formation, and overhead transmission lines. This definition does not apply to the provisions of Article 9: Flood Damage Prevention; for that meaning, see Section 9.5: Definitions.

STRUCTURAL ADDITION TO A MOBILE HOME

Any roofed, canopied, enclosed porch and/or room or structure that is used in connection with a mobile home. A concrete slab porch or open deck with no roof shall not be considered a structural addition.

SUBDIVIDER

Any person, firm or corporation who subdivides any land.

SUBDIVISION

A "subdivision" shall include all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions when any one or more of those divisions are created for the purpose, whether immediate or future, of sale or building development, and shall include all divisions of land involving the dedication of a new street or a change in existing streets; provided, however, that the following shall not be included within this definition nor be subject to the regulations authorized by this UDO:

- (1) the combination or recombination of portions of previously subdivided and recorded lots where the total number of lots is not increased and the resultant lots are equal to or exceed the standards of the County as shown in Article 6: Subdivision Design and Improvements;
- (2) the division of land into parcels greater than ten acres where no street right-of-way dedication is involved;
- (3) the public acquisition by purchase of strips of land for the widening or opening of streets or for public transportation system corridors; or
- (4) the division of a tract in single ownership whose entire area is no greater than two (2) acres into not more than three (3) lots, where no street right-of-way dedication is involved and where the resultant lots are equal to or exceed the standards of the County as shown in Article 6: Subdivision Design and Improvements.

SUBDIVISION CONSTRUCTION PLANS

Plan, profile, and detail drawings sufficient to indicate the construction of all improvements associated with the property to be subdivided, prepared by a professional, legally recognized by a State of North Carolina licensing board as being licensed to perform such activities or undertakings.

SUBDIVISION, MINOR

A minor subdivision is a subdivision

- (1) involving not more than five lots, all of which front on an existing approved street; and
- (2) not involving any new streets or prospectively requiring any new street for access to interior property; and

(3) not requiring drainage improvements or easements to serve the applicant's property or interior properties.
